ADMINISTRATOR

Mr. Collins reported that City of Columbus has instituted a mandate regarding masks in public indoor spaces, public transportation, and outdoor spaces where social distancing is difficult. The State of Ohio has issued a mandate that takes effect at 6pm on July 8, 2020 in certain counties that have increasing Covid-19 cases. This includes Franklin County. New Albany City Council will be considering taking action on a similar mandate. New Albany has very few active Covid-19 cases. However, there has been a surge in Franklin County. Schools are working on their

plans for the fall. City of New Albany is working on their strategic plan. They have titled it "Engage New Albany." There is a community webinar workshop on Wednesday, July 8, 2020 at 6pm. There is no additional information on the status of litigation at this time regarding our OPEC-HC account balance with the Jefferson Health plan. The Plain Township Fire Department performed some fire hose testing at the pool. Unfortunately, some of the hose did fail. Engine 122 passed its pump test and is available for service.

ZONING

Mr. Collins reported that the prosecutor has made contact with the owner at 6204 Walnut Street. The assistant prosecutor filed a complaint in the Common Pleas court. The owner is unwilling to stop the activity. They are running a dump truck depot. Owner feels that storage of any kind is permissible. The grandfathered use is for storage of boats and recreational vehicles. The resident that lives next to the property is so frustrated that he has listed his property for sale. Mr. Olmstead asked whether this will go through environmental court. Mr. Collins reported that it will. Franklin County mosquito testing is coming back positive for West Nile.

MAINTENANCE

Mr. Collins reported that no further action is required at the pool. There are a few projects that were started that need to be finished before the Township winterizes the pool. Franklin County Sheriff's deputies had been parking their vehicles by the pool and one of the cars was vandalized over the weekend. The Township is assisting them with surveillance video. Mr. Collins asked the City of New Albany to install a street light security camera on the road to the Wexner Pavilion. The road is a public right-of-way but not designated as a road. Mr. Rybski inquired as to whether the School District has ownership of that road.

Mr. Pharris has been in contact with the Franklin County Engineers office to provide assistance for the concrete and pavement work at the Fire Station. This would be a 2021 project. Mr. Olmstead asked if Mr. Pharris was aware that someone is doing ditch maintenance on the Licking County side of Tippett Road. Mr. Ferguson said that the owner of the property on Bevelhymer Road has done a nice job cleaning their lot from where people were using it as a dumping site. Mr. Collins reported that he spoke with Mr. Pharris about getting "no dumping" signs for the property. Chief Hoovler thanked the Maintenance Department for replacing part of their sidewalk.

FIRE DEPARTMENT

Chief Rupp said there were 153 fire and EMS runs since the last Board of Trustees meeting. The fire department is seeing a gradual increase in their run volume. Mr. Ferguson asked Chief Rupp about the total Discover Financial Services donation. Mr. Collins reported that the total Discover Card contribution is \$20,463. Mr. Ferguson asked if the Township has a primary contact at Discover Financial Services. Chief Hoovler reported that there was. Chief Hoovler reported that Plain Township Fire Department borrowed 1,000 feet of hose from City of Columbus so that we can keep Engine 122 in service.

Mr. Ferguson asked how the morale was at the Fire Department. Chief Rupp said morale is good and they are continuing to clean and social distance. Firefighter Scott Dozier is quarantining. He had possible exposure from a family member on July 4, 2020. He got tested and is quarantining until his results come back. Chief Rupp reported that all equipment is in service.
